Editorial Notes:

Lymedale Business Innovation Centre in Newcastle under Lyme, Staffordshire, forms part of the Staffordshire Business Innovation Centre (Staffordshire BIC) set-up and is part of a European Network of over 160 organisations that assist small-medium business enterprises and individuals to evaluate and develop inventions, innovations and technology related issues. Our new fully serviced premises at Lymedale provide excellent parking and on-site hospitality with opportunities for us to deliver our full training portfolio alongside our business administration. The Centre is shared with over 30 small-medium sized organisations that will enable synergies to be explored and potentially productive local collaborations.
