At Positive Options we recognise that our workforce is one of our most valuable assets and helps us to deliver the high quality service that we have become known for and is expected of us. We have ambitions to be an excellent employer and are continually striving to develop the business in ways that do not compromise our values and beliefs. Our employees and subcontracted specialist associates are an integral part of this development and have recently repeated our Annual Workforce Survey: 'Doing the Right Thing'. As a business that prides itself on being open and honest we would like to take this opportunity to share the results of the survey with existing and prospective clients and customers.
